

AUTISM HOME SUPPORT SERVICES

Autism Home Support Services (AHSS) offers in home one-on-one services to children with autism, typically after school hours to bedtime.

Care is provided by trained Care Team Members (CTM) via empirically proven Applied Behavior Analysis (ABA) and other methodologies.

Highly skilled therapists are available 24/7 via telemedicine connection to support this affordable frontline care.

WHAT WE DO

AHSS understands that for families who have children with autism, the time after school until bedtime can be most stressful. With our support, your child is engaged in meaningful activities, which improves the experience for all.

- Screen Care Team Members (CTM)
- Provide consistent care and qualified substitutes when needed
- Use evidenced-based practices
- Develop Care Plan customized to your child (e.g., communication, social skills, skill generalization, academic skills)
- Support with daily online reporting
- Supervise with certified specialists
- Link with telemedicine system
- Provide weekend care
- Provide care and instruction in community activities
- Conduct monthly progress reviews
- Educate parents

OUR GOAL

Autism Home Support Services' goal is to be a support system for your family by:

- Helping children reach their full potential
- Maintaining and extending the positive experience achieved during school
- Providing the assistance that families of children with ASD need

QUALITY CARE IN HOME

**The key to our success
is providing the
highest quality care & therapy
to support *you*
in the home environment
where autism impacts
the entire family**

➔ **Tear off & Give to AHSS**
